

AMENDMENTS TO THE DRAWINGS

Please replace the 4 pages of the drawings filed with this application on June 26, 2005 containing Figures 1-4 with the 2 attached sheets of drawings containing revised Figures 1-4.

Attachment: 2 Replacement Sheets

REMARKS

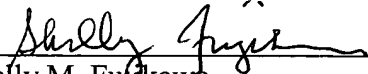

The amendment to the paragraph beginning on page 8, line 5 corrects an obvious typographical error in the specification. Support for this amendment can be found on page 28, lines 10-14 of the specification as filed. No new matter has been added by way of this amendment.

In response to the Notice Regarding Drawings mailed May 20, 2005, the drawings as filed have been replaced with amended drawings. The amended drawing overcome the stippled background objection made by the Draftsperson in the May 20th Notice. The captions explaining each of the Figures were also deleted in the amended drawings. For example, "Fig. 1: Combined results of the effect of LA on bone resorption" was amended to "Figure 1." However, these captions are written in the specification as filed, *e.g.*, on page 7, line 37 to page 8, line 19. These corrections are the only changes that have been made to the drawings. Thus, the amendments to the drawings do not introduce new matter.

The Applicants would like to remind the Patent Office that a "Revocation of Power of Attorney With New Power of Attorney and Change of Correspondence Address" and accompanying documents were filed with the Office on February 22, 2005 (see Exhibit 1). The Applicants respectfully request that these changes be considered and made by the Patent Office.

Dated: June 9, 2005

Respectfully submitted,

By
